HONORARY SENIOR CLASS PRESIDENT

SOME PEOPLE STRENGTHEN THE
SOCIETY
JUST BY BEING THE KIND OF PEOPLE
THEY ARE.

JOHN GARDNER

As the Class of 1980 bids farewell to the Dental School, so does an outstanding educator and human being — Dr. Maurice Rodgers. Throughout the years, Dr. Rodgers has consistently displayed an honest and sincere devotion to all students. By his instruction and concern, he has imparted not only his knowledge and skills, but also the human side of dealing with people. For all of these reasons, we thank him, and wish him the best always.

1980 APT CLASS OFFICERS

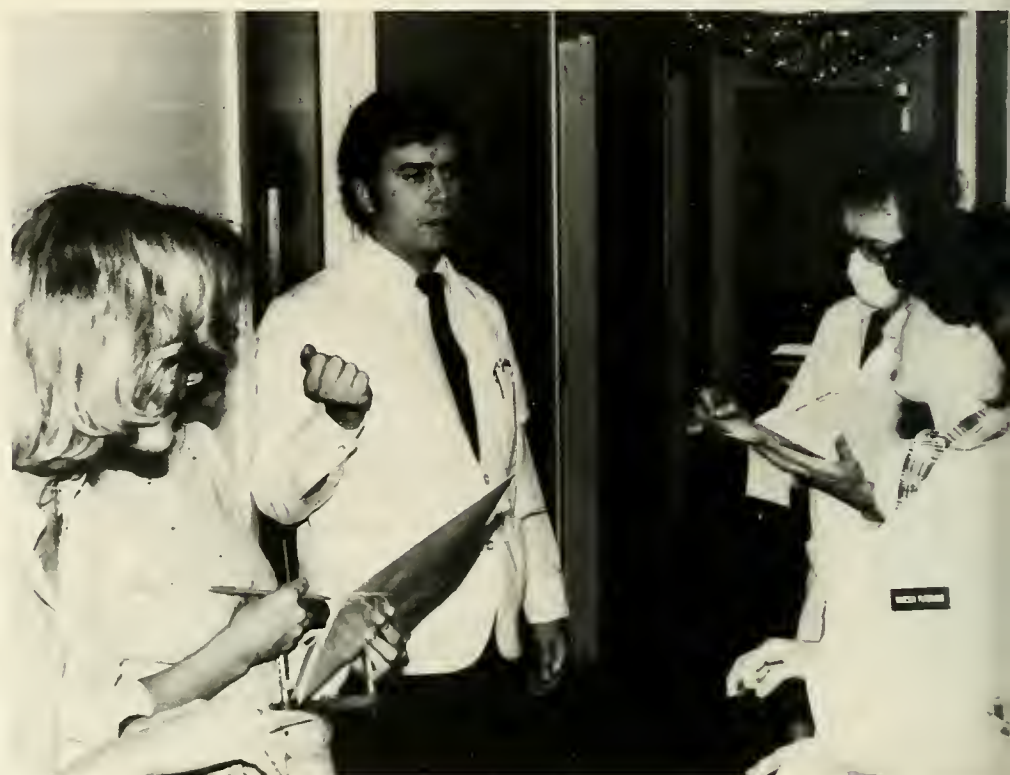

President
Jim Taneyhill
Vice President
Julia Llewellyn

HONORARY APT CLASS PRESIDENT

Dr. Gregory Zeller

The essence of education is communication. Effective communication often requires extraordinary patience. We wish to publicly recognize these qualities in the man chosen as our Honorary Class President. We feel privileged to have had the opportunity to have worked for the past two years with Dr. Gregory Zeller. His patient understanding and enthusiastic communication has contributed immeasurably to our education. From the eight of us, a heartfelt "Thanks Doc."

Yes, Frank is really happy his patient kept his appointment

There go the boys fishing.

Isn't Faculty-Student Relations great?!

In preparing for the draft process, we had to pass through a check point to get to our cubicles.

This will never fit with all of these laminations.

What, no more beer!!

Shillenburg and his three articulators.

BDS has never been more difficult.

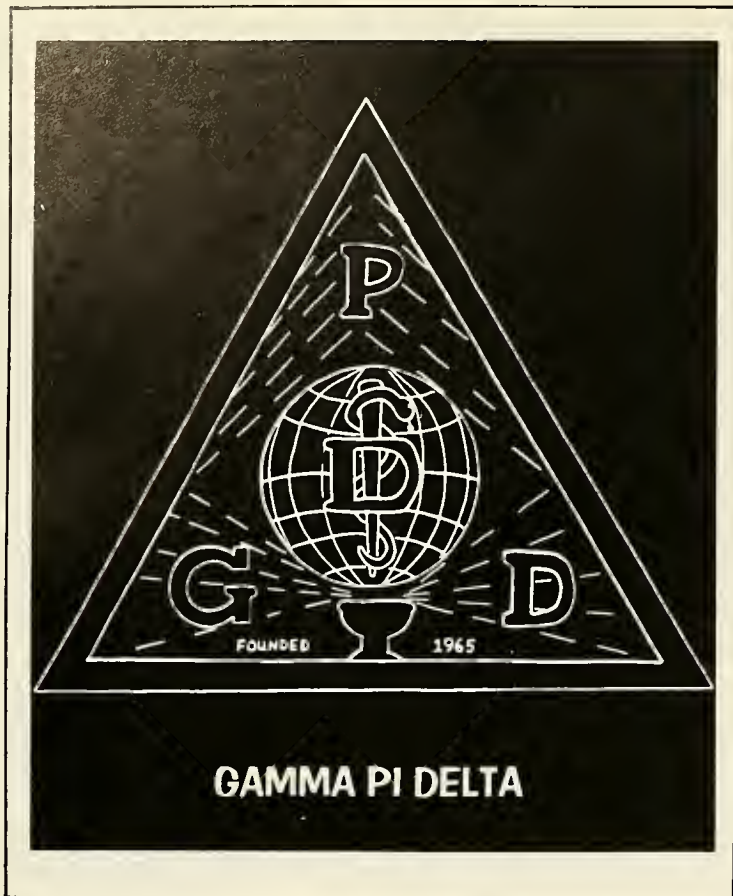

It's a Family Affair.

ORGANIZATIONS

SAFETY PATROL CLUB

Gamma Pi Delta Prosthodontic Honor Society was chartered in 1965 as an honorary student organization with scholarship and interest in the field of prosthetic dentistry as a basis for admission. As a result of the first two years of academic achievements in Fixed and Removable Prothodontics, Juniors and Seniors are eligible for membership in the Society.

Gamma Pi Delta's objective is the advancement of Prosthetic Dentistry through lectures, table clinics, and other academic activities, with the purpose of increasing knowledge of and stimulating the creative interests of the members and the dental profession.

The Gorgas Odontological Society was organized in 1915 as a student organization, and later it was changed to an honorary dental student society with scholarship as a basis for admission. The Society is named after Dr. Ferdinand J. Gorgas, a pioneer in dental education and a great contributor to dental literature, and it was with the idea of perpetuating his name that the society adopted it.

The Society makes for its objective the furtherance of dental knowledge by discussion and lectures. Gorgas is comprised of junior and senior members whose scholastic endeavors have placed them in at least the top third of their class.

Over the past years, Dr. José Diaz has provided aid and guidance in an exemplary fashion not only to this organization but to all the students at the Baltimore College of Dental Surgery. It is for this reason that we offer him our thanks and hope that he will always have "fair seas and favorable winds".

The members of the Zeta Mu chapter of the Alpha Omega Dental Fraternity plan a calendar of events that reflect the basic tenets of the fraternity. The fraternal aspect of Alpha Omega is demonstrated by the Big Brother/Alumni-Undergraduate Program which features a Big Brother dinner meeting. The Baltimore Alumni and Zeta Mu chapters hold several dinner meetings together where guest speakers lecture on topics related to dentistry. Rush Week '79 was responsible for a large increase in membership. Rush week events included a beer and pizza party, a night at Maxwell's and a rush breakfast. Many seminars are held by upperclassmen for freshmen and sophomores in Basic Dental Science and seminars are held by seniors to introduce juniors to clinic. Social events include the annual Welcome Back Crab Feast in Columbia. A disco party was sponsored by Alpha Omega in conjunction with "Informal Parties, LTD." During the winter an evening at Ski Liberty helped celebrate the end of minimester and a winter/spring party was held during the second semester. The highlight of the social calendar is the annual Spring Away Weekend which was held this year in Wildwood, New Jersey.

In support of Alpha Omega International and the Alpha Omega Foundation, Zeta Mu has continued its T-shirt sales campaign to raise funds to donate to the Hebrew University Dental School in Jerusalem, Israel. Alpha Omega founded and maintains that institution.

This year delegates from Zeta Mu attended the International Convention held in Tel Aviv, Israel.

The undergraduate Alpha Chapter of Psi Omega has been an active and growing professional dental fraternity at the University of Maryland during 1979-1980. Dinner meetings and social get-togethers helped the brothers and sisters of Psi-O to take a break from the academic world and relax.

Activities included a picnic at Miami Beach (Balto. Co.), "Sailing Night" on the Inner Harbor, a cocktail party on the 16th floor of the World Trade Center overlooking the Inner Harbor, and an evening at the John F. Kennedy Center for the Performing Arts. An open party and joint undergraduate/alumni breakfast comprised Rush Week activities. The year ended with Psi O's biggest event — the "Faculty Appreciation and Awards" night.

Fraternalism and the high standards of the dental profession are qualities one can find in Psi Omega. The officers and faculty advisor have worked diligently this year to achieve these worthwhile objectives for the Psi Omega membership.

The 1979-1980 school year was an excellent one for Xi Psi Phi Fraternity. The kickoff was an August Crab Feast-Swimming party at Ten Hills. Our successful rush was highlighted by "Beer and Pizza Bash" at the Synapse and an "Open Bar and Buffet Dinner" at the downtown Holiday Inn. Other first semester activities included an Autumn Picnic, a "Pina-Colada Covered Dish Dinner" and a "Wine and Cheese Christmas Party."

Second semester began with a "Good Old Fashioned Beer Bash" and was followed by Dinner Meetings, a picnic, a Bachelor Night for our engaged members, and of course, the traditional Ocean City Away Weekend (Did anyone ever find ZIP?). Many thanks to our officers, members, faculty, alumni and advisor Dr. Roy King for making this one of ZIP's best years ever.

STUDENT NATIONAL DENTAL ASSOCIATION

The Student National Dental Association was founded and incorporated as a non-profit organization in 1972 by a group of minority dental students. Today there are 30 chapters in the United States Dental Schools. The founders of SNDA sought to develop an organization that would speak to such issues as recruitment/retention; the dental health needs of minority communities; and future issues confronting organized dentistry.

The University of Maryland Chapter of SNDA was chartered in 1973. Since that time the membership has increased significantly. The Maryland Chapter is currently involved in viable academic, social, and community projects which are conducive to the overall professional development of minority dental students.

SECRETARY: Julia Llewellyn

Meetings are held with snacks served and guest speakers on various topics.

The student chapter of the Academy of General Dentistry (AGD) is an affiliate of the State and National organization. On the State and National level the Academy of General Dentistry is devoted to providing continuing education courses to the dental practitioner. On the student level however the organization is primarily interested in discussing opportunities available after graduation. Speakers such as private practitioners or other related professionals help to give dental students a better perspective on what is going on outside the Dental School and to better prepare the student once they graduate.

A MESSAGE FROM THE PRESIDENT

The quality of student life at any institution can in part be measured by the responsiveness of the institution to the needs of the student. Without the presence of an organization to effectively represent students' views, many problems and conflicts would go unresolved.

Here at Maryland, the Student Dental Association affords the assurance that the students' voice will be heard on many levels. The SDA has representation on the State Board of Higher Education, the University of Maryland Association of Students, the UMAB campus senate and all faculty council committees at the dental school. These include admissions, curriculum, instrument selection, recruitment, research and library and publication — to name but a few.

Many changes have occurred in our educational program without student realization of their own SDA input. To be certain, problems remain — but the avenue is open to promote change and to speak with a united voice in order to be heard through our own direct link with the administration of the University and the School.

The SDA also provides us with an opportunity for us to have fun via the annual Bull Roast, school parties and student-faculty weekend. Information is disseminated through the newspaper (The Probe), the yearbook (The Mirror), and our own TV show (Studio 666).

For all this and so much more, the SDA would like to thank the student affairs office: Ms. Deloris Williams and Dr. Mark Wagner for their time and effort.

At present the SDA is one of the strongest student governments in the country. It is the strongest student government on campus — and it will remain as such given the continued support of all those individuals who have worked to make the SDA work for you.

We help you succeed in the business of dentistry.

Dentistry is an art. It's a profession. And it's a business. At Healthco, our goal is to help you succeed in the business of dentistry.

The Healthco dealers throughout the United States and Canada offer you our years of experience in all phases of starting and managing a successful, productive practice.

We do much more than deliver equipment and merchandise on time.

We also deliver on service.

Your personally-assigned Healthco sales consultant, backed by a full-service facility, keeps you informed on the latest products and techniques.

He helps you buy your supplies efficiently and economically—both the name brands and Healthco's own fine-quality brands. He helps you minimize lost chair-time by providing speedy repair service; and because he and his service department know your equipment and your office, they can often assist you by phone to make repairs yourself.

Your Healthco representative can set up an inventory control program to insure an adequate supply on hand of your basic consumables. He

can design a Custom Acquisition Program that will guarantee prices on consumables and small equipment for a full year.

And he can set up a Healthco Custom-Lease[®] to enable you to buy equipment in the most economical manner in terms of your tax bracket. Only a full-service organization can meet all your needs. Let Healthco help you succeed in the business of dentistry.

You'll be glad you did.

PATTERSON'S PROFESSIONAL DESIGNERS ARE A CUT ABOVE THE REST. Tell us your plans and give us your design ideas, too. Patterson's talented design professionals will create a highly functional, naturally efficient office designed around you—an easy, comfortable place where you, your staff and patients can feel at home.

LEAVE YOUR WORRIES WITH US. As a new dentist you have plenty of other concerns. So let Patterson take care of coordinating the design and construction details for you. We prepare the sharpest, most detailed plans in the business. That makes accurate contractor bidding easier, reducing the chance of "surprise" expenses later. We supervise tradespeople, advising where air, water, waste and electrical facilities must be placed. And we work with interior designers matching fabrics, furniture and fixtures.

WORKING WITHIN YOUR BUDGET, we'll help you make sound investments in the right equipment for your new office. And once you decide, we'll install your new equipment, absolutely **FREE OF CHARGE.**

OUR REPUTATION RESTS ON YOUR SUCCESS. We stay on the job until your office meets every demanding design requirement, and you're completely satisfied. Because we're proud of our reputation for excellence in dental office design... over 100 years in the making.

Ever wonder why some of your patients never come back?

Your patients expect and deserve the best. Otherwise, they become another doctor's patient. So you cannot afford to demand anything less than the best from your dental laboratory.

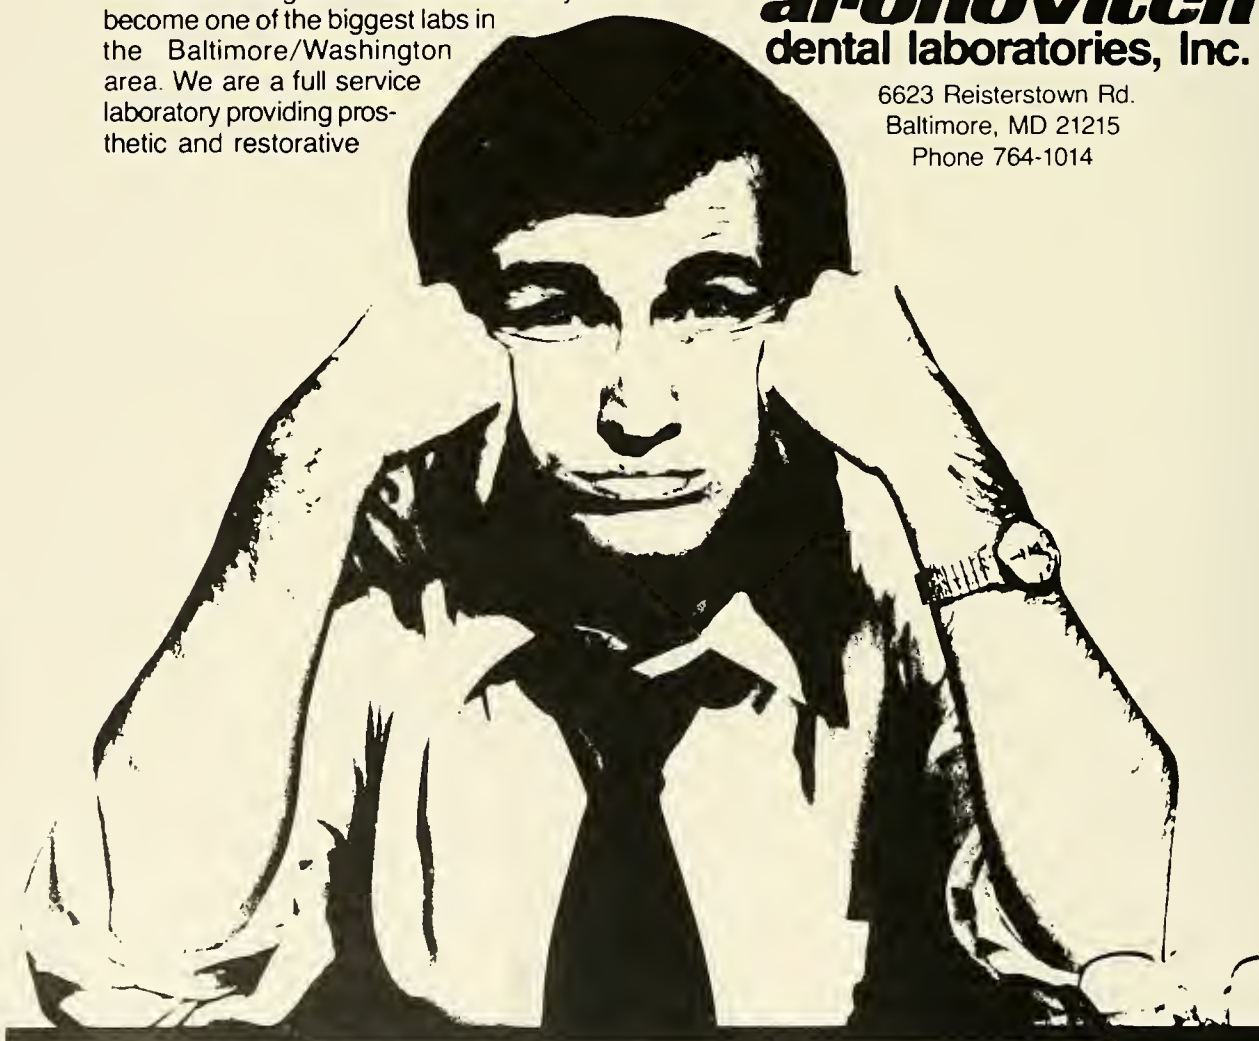

Take a hard look at your present dental laboratory and the services they provide. Do they offer you all the services you need, or do you have to call different labs for different services because of limited capabilities? Do their production schedules meet your requirements? Are their prices outrageous? Can they handle your intricate and detailed prescriptions?

Aronovitch Dental Laboratories has the reputation for being the best...that's why we've become one of the biggest labs in the Baltimore/Washington area. We are a full service laboratory providing prosthetic and restorative

services that cover the complete spectrum of general dentistry. From fabricating porcelain fused to gold, porcelain jackets, Cermalloy® crowns and bridges, removable partials and full dentures or "precision" removable partials... give your patients the best. PERSPECTIVES

Webster states, "A perspective is a distant view, judgment of facts, or circumstance with regard to their proportional importance."

At Codesco, we realize your perspectives of your future in dentistry have changed since the first day you considered dental school through the present, and we know they will change in the future. When you initiated your career in dentistry, your viewpoint was centered upon completion of your clinical and didactic work to earn your dental diploma. Now, your viewpoint is focused on what opportunities will allow you to best utilize your education now and how they will assist you toward the realization of your long range goals.

To assist you in an unbiased analysis of your opportunities and realization of your *long* and *short* term goals Codesco has developed an information program known as PERSPECTIVES. The thrust of our program is to listen and to understand your desires, concerns, motivations, and interests, and share with you information and services to make your dreams a reality.

Call Codesco . . . the company eager to listen to your perspectives and share their own!

Dear Doctor:

Congratulations upon the completion of your training as a Dentist. Your education has been long and arduous... and the challenges that face you may be equally strenuous. The satisfactions to be gained in overcoming these challenges will be many.

Dentistry today faces a number of challenges to the traditional practice of dentistry as we have known it in this country. Some of these include the threat of "Denturism"... the as-yet-unknown impact of various third-party payment programs, the competition of low-cost denture service centers... and others.

By far the greatest challenge you will face will be the necessity to maintain pace with the rapid increase of dental science... of techniques... and of the profusion of new materials that almost daily are offered to you in the delivery of dental health care.

Co-operative Dental Laboratories can help you in many ways to meet the needs of your dental practice. As one of the few truly full service dental laboratories, the Co-operative staff can understand and relate exceptionally well to your problems as a dental practitioner.

Call us... make an appointment to visit our facility and meet our highly qualified personnel. We are here to serve and assist you.

Sincerely yours,

B. Gresham Kilmer

WHO'S WHO AMONG STUDENTS IN AMERICAN COLLEGES AND UNIVERSITIES

In order to be selected as a candidate for membership in Who's Who Among Students in American Colleges and Universities, a student must be an outstanding leader, scholar, citizen, and participant in both educational and extracurricular activities.

To be chosen for this honor, a student is first recommended by the University and is then voted on by the national organization.

A GIANT AMONG STUDENTS

DR. MARK WAGNER

This book is dedicated to Dr. Mark Wagner to honor his devotion to the student body and in appreciation of the many hours spent to make student life more bearable. Dr. Wagner has always been a constant source of support and inspiration to all students at all times. It was a privilege to have Dr. Wagner as our Assistant Dean for Student Affairs. For all this we say thanks!

DELORIS WILLIAMS

We shall never underestimate the talents and services of this very special person. Dee Williams' assistance in the production of this book was invaluable as always, and her spirit of excellence permeated through all of us to set our goals high. We have all been touched by her unselfishness and wish to say a hearty thank you.
